HAZELRIGG NOW CITY ATTORNEY

Succeeds R. A. Chiles Who Resigns
Because of Pressure of Other
Business.

At the last meeting of our City Council, Hon. R. A. Chiles tendered his resignation as City Attorney or Mt. Sterling and Judge A. A. Hazelrigg was elected to succeed him. He will serve until the November election, when the office will be filled for the term of four years.

It is understood that Judge Hazelrigg will be a candidate to succeed himself at the August primary and as he is a capable lawyer, of wide experience and a high class gentleman, we should be very glad to see him elected for the full term, without opposition.

MANY WILLS OFFERED

So far, three wills have been filed before County Judge E. W. Senff, each purporting to be the last will and testament of Mr. W. T. Fitzpatrick, Sr., deceased, and it is thought others exist. The first one is dated Oct. 30, 1903; the second Feb. 5, 1914, and the third July 17, 1916. The second attempts to revoke the first, while the third revokes the second and re-affirms the first. All three wills were read publicly in the county court by Judge Senff yesterday morning and at the suggestion of the interested parties and in order to give all sides ample opportunity to carefully consider the subject and prepare themselves, the court passed the hearing of the motion to probate until County Court Day in July.

WANT IMPROVED STREETS

Eighteen property owners on West High street have filed a petition asking the City Council to order at the property owners' expense, an asphalt street. It is understood that a number of streets are under consideration and that whenever the ordinance is passed other streets will be ordered constructed.

Do You Want It?

Back to the farm is the slogan now. Well, if you will go to the Duff farm and look over this classy little place with the modern home then farm life will appeal to you. Remember the date and time of sale, Monday, June 16th at one o'clock at the Court House door.—Adv.

YOUNG MAN DIES

Friends in the city will be grieved to learn of the death of Mr. Tom McKee at Cynthiana Monday morning at 2 o'clock. Mr. McKee is well known here and has many relatives in the county. He was the husband of Mrs. Mary Wright McKee, formerly of Sharpsburg, who preceeded him to the grave a few months ago. He had been in ill health for some time, having spent the greater part of the past two years in Colorado, hoping to regain his health in that climate, and had only recently returned to Kentucky. The body will be taken to Sharpsburg for burial Wednesday at four o'clock.

LIFE SENTENCE FOR NEGRO

George Coffee, alias Kemper, plead guilty to the charge of murder in Circuit Court Saturday and was given a life sentence by the jury. It will be remembered that Coffee killed his wife, who was known as Haly Taul, some time last fall, nearly cutting her head off with a knife. He escaped but was captured only a short time ago by Lexington detectives. This is the second negro given a life sentence here for murder during the present term of court, the other one being John Allen Hall, who killed a colored man some months ago.

BUYS MILLINERY BUSINESS

Miss Minnie Goins, of Frankfort, has purchased the millinery business and stock of Miss Alta Evans and has taken possession. Miss Goins is said to be an excellent milliner and will no doubt retain the splendid patronage had by Miss Evans. Miss Goins was formerly connected with the Lyons Shop at Lexington. Mrs. or Miss Evans will remain in the store until Miss Goins becomes acquainted with the patrons of the store.

AGAIN A CANDIDATE

Mr. James C. Tipton, present Chief of Police, has announced that he is a candidate for the Democratic nomination at the August primary, August 2nd. Mr. Tipton's friends claim that his record in office entitles him to another term. He is being opposed for the nomination by Policeman Thos. Scott.

Be sure and attend the picture show at The Tabb Thursday, Wallace Reid in "Too Many Millions," under the auspices of the Young Ladies Missionary Society of the Christian church.

WILL BUILD RESIDENCES

Our city continues to cry "more homes" and although a number of residences have been built here during the last couple of years the demand yet exceeds the supply. Business men have hesitated to invest, thinking prices would decline but instead of declining prices continue to go up so if you are thinking of building it will pay you to get busy. Miss Elizabeth Wyatt has started a modern home on her lot on North Sycamore street. Mrs. J. M. Huttell and partner, Mr. J. R. Parson, have purchased two lots on Sycamore street, one on Locust street and two in Johnson Heights, and have started the erection of two houses on the last named lots and as soon as they have been completed houses will be erected on the other three lots they own. They have been trying to locate ground suitable for making brick and while desirable land has been found the prices were so very high they could not afford to buy same, however they are still hoping to locate some land that can be bought at a reasonable figure. We would like to see more people interested in building as this will make our city grow and prosper as nothing else will.

A REMARKABLE HOUSE PARTY

The young ladies of the county have nothing on the older ones when it comes to house parties. Mrs. Oscar Moss entertained three old ladies for the week-end at her country home on the Camargo pike. The combined ages of these three old ladies reaches 250 years. Mrs. Dorcas Soper headed the list at 91, Mrs. Kate Greene came next at 84 and Miss Maggie Rumery next at 75. A most delightful time was had by these three old ladies during the entire three days that they were entertained by Mrs. Moss. They attended church at Camargo on Sunday and a most delightful luncheon was served in the beautiful grove at the Methodist church. Mrs. Rebecca Redmon, aged 91, and Dr. Spratt, aged 94, were invited to lunch with the party in the grove on Sunday, but they were prevented from being present by sickness.

JULY 4TH TO BE BIG DAY

A big celebration will be staged in this city on July 4th and it will be known as Soldiers', Sailors' and Home-Coming Day. Mr. N. A. Wilkerson is behind the movement and promises to make the day a big success. He is now calling on the merchants for donations and promises to have a day that will be intensely entertaining. Balloon ascensions and double parachute leaps will be made. A baseball game will take place in the morning, and there will also be a baby show, sack, potato and other novelty races, a mule race and other comedy stunts. In the afternoon there will be trotting, pacing and running races and at night there will be an elaborate display of fire works. The big celebration will be staged at the Fair Grounds and one of the largest crowds ever in Mt. Sterling is expected to be here on that day. During the week of July 4th, Kaplan's Greater Shows and Carnival Co., will exhibit on the streets of the city. This company is said to be one of the best on the road and it is confidently expected that Mt. Sterling will enjoy one of the biggest days in its history. Watch local newspapers for large advertisements of the ONE BIG DAY.

TO THE PUBLIC

Owing to the extreme unhealthy condition of our city, and the Fly being the most dangerous disease carrier, we have decided to ask you all to install Fly-Traps in your places of business and your homes, as the best means of preventing disease. They can be had for an insignificant sum, not exceeding \$1.00, and will prove of value to all.

Respectfully,
MRS. L. NORRIS,
Community Nurse.

TAKES POSITION

Mr. E. E. Bomar, Jr., who recently graduated from Georgetown College, and who formerly lived here, has accepted a position with the Lexington Herald. Being an energetic, bright young man he is sure to make good.

THE ALUMNI BANQUET

The Fourth Annual Banquet of the Mt. Sterling High School Alumni Association was held Friday evening, June 6th at Ringo's Hall. Ninety-two members were present at this very enthusiastic meeting. The Class of 1916 had charge of the banquet, giving one of the best programs ever rendered. Several members of the class gave a pantomime play which was enjoyed by all present. The High School Orchestra furnished music for the occasion. Prof. Vignetti gave a delightful violin solo.

The following officers were elected for the coming year: Mrs. Mary C. Ayres, President; Miss Martha Rose Pieratt, Vice-President and Stewart C. Sharp, Secty-Treas.

The Association extends its thanks to H. H. Pieper & Co., Chenault & Orear, R. C. Lloyd, The Greek Restaurant, Christian Church and Presbyterian church for dishes, silverware, table cloths and tables so generously loaned for the banquet.

HIGH SCHOOL COMMENCEMENT

The City High School held its thirtieth annual graduation exercises Thursday, June 5th. Class Day exercises were given in the morning and the following program was presented with Miss Margaret Turley as president and Miss Alice Griffin as secretary:

Orator—Edward Prewitt.
"Who's Who and Why"—Alice Griffin.
Violin Solo—Martha Coleman.
Prophet—Frances Henry.
Reader—Katherine Conroy.
Booster—Irene McNamara.
Gifftorian—Ruth Kelly.

At night the graduating class was addressed by the Rev. Dr. T. B. Terhune, of New Albany, whose address was a most scholarly one and it is to be regretted that only a small crowd was present. Diplomas were presented to fourteen graduates. First honors were awarded Miss Katherine Conroy with an average of 96.75, one of the highest averages ever attained in the history of the school. Miss Louise Barnes won second honors with an average of 94.5. Music was furnished by the school orchestra under the direction of Miss Flo Shirley.

BUYS OKLAHOMA LAND

Mr. W. S. Duty, of Winchester, and others associated with him purchased several tracts of land in the Osage Reservation land sale held in Oklahoma last Friday. It is understood that a company will be organized and that drilling will be started as soon as the details of the organization have been completed. A large number of Montgomery county people are interested in the deal. Among those from this city who attended the sale were Mr. R. A. Chiles and Mr. M. C. Clay.

DO YOUR PART

AUTOMOBILE RACKET

Many Mt. Sterling citizens are becoming intolerant of the utterly unnecessary noises made by automobile owners and drivers. There is hardly a moment in the day when somebody isn't blowing out, or "racing" his engine on the principal thoroughfares of the town, not knowing it would seem, that it is not only a nuisance but the worst thing he could do for his machine. A machine is driven up to a garage to be examined, and instead of taking it inside the establishment to make the diagnosis, some thoughtless mechanic will at once proceed to throw open the cover "race" the engine for 30 minutes, with such a deafening racket that a conversation can't be carried on within half a block.

If other towns, some of them much smaller than ours, can have city laws prohibiting this sort of foolishness, and opening cut-outs in town, why can't Mt. Sterling? The old cry is that to do so will offend somebody. Then announce that the law is going to be enforced indiscriminately, and there will be nobody to offend but the lawbreakers.

Even a Ford can be started without feeding the engine a gallon of gasoline or trying to see how much racket you can make.

In this connection, it could be said that the horn blowing nuisance should also be stopped. There are too many who amuse themselves driving up to garages and blowing a horn to the discomfort of everybody within a block or two, till the man comes out to sell a little gasoline.

There is no sense in it, and after one or two "call downs" by a policeman it would stop, just as the fool practice has been stopped in scores of other places. Can't the City Council take up this matter at their next meeting and give a long suffering and patient public a little relief from an intolerable nuisance? Mt. Sterling is no village. —(Contributed).

EDITOR'S NOTE—The Above article is in line with numerous requests we have had to "roast" automobile owners and we feel sure that the writer speaks from first hand knowledge.

DO YOUR PART

Hon. Thomas A. Combs, of Lexington, has appointed H. R. Prewitt County Director in the drive for associate member of the National Council of Boy Scouts of America. Mr. Prewitt has sent out a large number of letters requesting membership subscriptions and we trust that our people respond. Montgomery county is asked to get five hundred associate members.

DEATH CLAIMS RICH LAND OWNER

Mr. W. T. Fitzpatrick Dies Thursday Night After Many Years of Suffering.

Mr. W. T. Fitzpatrick, Sr., one of the county's most successful business men, and who was the owner of several hundred acres of fine farming land, died at his home in this city last Thursday night after an illness of many years. Mr. Fitzpatrick was hurt in a runaway accident several years ago and since that time has not taken an active interest in business affairs. Deceased was 74 years of age and during his early manhood took an active interest in politics and was a Democratic party worker of much influence.

Starting life as a poor boy by hard work, thrift and close application to business he started the foundation of the fortune of which he died possessed. He is survived by his wife and a large number of relatives, among them being some of our most prominent citizens. To the grief stricken widow left alone in the eventide of life we tender our sincerest sympathy, with the hope and belief that He who doeth all things well will give her comfort in her hour of desolation.

Funeral services were conducted at his late residence Saturday afternoon at 2:30 o'clock by Rev. Clyde Darsie, assisted by Rev. B. W. Trimble, with burial in Machpelah cemetery.

KILLED BY BASEBALL

Elmer Trumbo, a young colored man of Bath county, who was attending a base ball game just outside the city limits of this city Sunday afternoon was struck just back of the left ear on the neck by a pitched ball and killed instantly. From the best reports we can get of the accident Trumbo was standing several feet back of the catcher when the pitcher made a wild throw, the ball passing near several other bystanders and striking Trumbo. June Tuttle, of Winchester, was the pitcher and after the accident was arrested and placed in jail, however it is not thought that he will be held as it was clearly an accident.

GOOD JOBS IN CIVIL SERVICE

Are you a discharged soldier, sailor, or marine, or other citizen looking for a job? If so, see the secretary of the local board of civil service examiners at the post office.

The United States Civil Service Commission announces that vacancies which must be filled are constantly occurring in the vast civilian force of the government and that at this time examinations of not less than 125 different kinds are open, most of them to women as well as to men. The positions cover all grades from mere routine work to the highest grades of professional, technical and scientific positions. Stenographers, typists, and bookkeepers are especially needed. Many of the positions carry good salaries, such as the following:

Cost accountants, \$2,200 to \$4,200 a year.

Office managers, \$1,800 to \$3,600 a year.

Mining accountants, \$2,400 to \$6,000 a year.

Superintendent of heat treatment, Naval Ordnance Plant, \$5,000 a year.

Assistant designing engineer, Naval Ordnance Plant, \$9.20 a day.

Assistant in charge of soil chemical investigations, Department of Agriculture, \$3,500 a year.

For these high-grade positions, of course, special training and experience is required. Any representative of the Civil Service Commission is prepared to furnish full information concerning these and other positions.

"Isn't It a Pity She Is Stout, She Has Such a Pretty Face, Too?"

The above is something you rarely hear said about the woman who wears F. L. L. Model Garments—Suits, Coats, Dresses and Skirts—for she is the stout woman who is not content with having a pretty face; she demands that her entire appearance be attractive.

It Is True That Large Women Who Wear F. L. L. Model Garments Are Seldom Thought of as Being Stout Women—

—you know in the sense we mean—for there is an aristocratic carriage about them, a poise, a grace and a distinction that place them on the same level of smart, good looks with their slenderer sisters.

It's almost amazing at times what wonders an F. L. L. Model Garment performs for a stout or an unusual figure, such as reducing its apparent size or hiding some discrepancy in its contour.

F. L. L. Model Garments may be had in the fabric that you desire, in your preferred color, and at the following moderate prices:

2,500 Garments to Select From

No Extreme Narrow Skirts with F. L. L. Suits

SIZES 15 TO 59 BUST

F. L. L. Model Suits . . .	\$25.00 to \$77.50
F. L. L. Model Coats, Capes	\$16.50 to \$85.00
F. L. L. Model Dresses . . .	\$15.00 to \$65.00
F. L. L. Model Skirts . . .	\$5.00 to \$22.50
F. L. L. Model Waists . . .	\$4.98 to \$27.50

NOT THE LOCUST YEAR

This is not the year for the seventeen year locust to appear. I got from old Dr. Soppington who was an old man when I was only a boy that 1804 and 1821 were locust years and I still remember their appearance in 1838 and also in 1855. In writing my thesis in the Spring of 1857 I had an occasion to refer to the periodicity of animals and insects and the metamorphosis of the insects.

The true locust years as I have kept the record are 1804, 1821, 1838, 1855, 1872, 1889, 1906 and 1923. There are a few every year but never have been numerous as in these years and in these years in the cleared up land they have been scarce but my inquiry of the people in mountains and timbered regions have reported them sufficiently to show a locust year. I have not with the views and observation of the entomologists as to the metamorphoses which is most likely to take place every year and not seventeen to change from its anelian or pupa state to the winged locust. I never could discover that they eat anything and here about six weeks deposit their germ and are gone and cannot say whether this deposit in the limbs quickens in the following fall or the next spring.

ANNOUNCEMENTS

We are authorized to announce as a candidate for the Democratic nomination for Representative of the 95th Legislative district (Montgomery and Menifee counties) at the August Primary, 1919,

THOMAS L. CAUDEL.

We are authorized to announce as a candidate for the Republican nomination for Railroad Commissioner of the Third District, at the August Primary, 1919,

CLAY CISCO.

We are authorized to announce the following as candidates for the Democratic nomination for Chief of Police of the City of Mt. Sterling, Ky., Primary August 2, 1919:

THOMAS SCOTT
JAMES C. TIPTON

MR. J. C. TIPTON

Desiring an endorsement, Chief of Police James C. Tipton authorizes us to announce him as a Democratic candidate for that office at the primary, August 2nd, next.

For a number of years Mr. Tipton, first as a member of the police force and then as Chief of Police, has served the people of Mt. Sterling and by his courage, attention to duty and ability as an officer, has gained a wide reputation.

His loyalty to the Democratic party has never been questioned and it therefore gives us pleasure to present his claims to his fellow-Democrats and ask for them careful consideration.

While we do not doubt Gov. Black's statement that he made no promises to carry out Gov. Stanley's political program, one splendid way to prove it would be not to re-appoint any member of the State Tax Commission as now constituted.

ORDINANCE

Art. 1. Be It Ordained by the Board of Council of the City of Mt. Sterling, Ky.

Sec. 1. That all that portion of the three streets, now known and designated, in said City of Mt. Sterling, extending from the C. & O. Station at the West end of same, Northward to Locust street; thence from Locust to Main; thence from Main to High and thence to Clay street, now called Bank street, Bank street extension and Walnut or Howard avenue, be named and hereafter called "Liberty" avenue.

That all that portion of same lying North of West Main street shall be known as North Liberty avenue, and all of that portion of said avenue lying South of West Main street shall be known as South Liberty avenue.

Sec. 2. This act shall take effect and be in force from and after its passage and publication as provided by law.

AN ORDINANCE

Be it ordained by the Mayor and Board of Council of the City of Mt. Sterling, Ky., that there is hereby levied a tax of seventy-five cents (75 cents), on each one hundred dollar's worth (\$100) of taxable property in said City for the fiscal year 1919. Also a poll tax of \$1.50 on each poll or male citizen over the age of twenty-one (21) years, in said City, for the following purposes:

65 per cent of the amount collected on each \$100 of the entire levy, together with the entire poll tax of \$1.50 on each male citizen over the age of twenty-one years, residing in said City, is levied for the purposes of defraying the ordinary, general, current running expenses of the said City, which, when collected, shall be placed by the City Treasurer to the credit of the Current Expense Fund, and applied solely to the payment of the ordinary, general, current running expenses of the said City.

20 per cent of the amount collected on each \$100 of said levy is levied for the purpose of any sum or sums of principal or interest representing any outstanding Sewer Bonds that may mature during said reforms mean to the politician re-

TRACTORS AID RICE GROWERS

Six years ago there were only 25 or 30 farm tractors owned by farmers in Jefferson Davis Parish, La., a section famous for its production of rice. There are now about 200. These machines are used for breaking the land, cultivating, harvesting, pumping water to rice fields, hauling rice to mills, hauling feed and fertilizers to farms, and in many other ways.

About one-half of the farming land in the parish is broken with tractors. The majority of these farmers, reports the agricultural agent, consider farm tractors indispensable. The agent finds that the rice growers are responsive to suggestions on the improvement of their operations by using improved implements and labor-saving machinery.

For several years The Gazette has been published in the plant of the Advocate Publishing Co.

OH BOY—SOME ONION

Mrs. F. D. Richardson brought the writer a large white onion last week that measured 15 inches in circumference. It was one from a box sent Mrs. Richardson from Moody, Texas, by her sister, Mrs. J. B. Salyer. In a letter to Mrs. Richardson, Mrs. Salyer said that corn was in tassel and that they had oats five feet high that would make 100 bushels to the acre. All crops in Texas are in great shape and prospects were never brighter.

A Card to the Democratic Voters of Mt. Sterling:

It has been my privilege to serve as Chief-of-Police of Mt. Sterling for nearly four years and believing that my services and work as head of the Police Department have met with the approval of a majority of the voters of the city and knowing that I have always tried to do my duty as I saw it, and without fear or favor enforced and upheld the laws of the State and City, I hereby announce myself as a candidate for the Democratic nomination for re-election to the above office, at the Primary Election on August 2nd, next. I take this occasion to thank those who have assisted me and stood by me in the past and assure them that their continued support and influence will be deeply appreciated, I am,

Most respectfully,

RECRUITING OFFICERS HERE

Sgts. Howard Ingram and Joseph Stone of the Lexington Recruiting Station were in this city last week seeking material for the army. These gentlemen will make weekly trips to this city and will be glad at any time to explain the advantages derived from serving in the army to any interested parties.

Relatives here have received a message stating that Thos. G. Coyle, who has been in the army for nearly two years, has arrived in New York after several months service in France and will receive his discharge shortly.

JACK WINN AGAIN HONORED

The following article appeared in a recent issue of the Louisville Post relatives to John J. (Jack) Winn, son of Hon. and Mrs. John G. Winn, of this city. This is only one of the many compliments that has been bestowed upon this young man during his stay at Princeton. The article follows:

"That Jack Winn, of Mt. Sterling, was voted the best athlete by the Senior class at Princeton College at the same time they designated the son of Grover Cleveland the most popular member of the class, was no surprise to his home city.

"John J. Winn has always been a fine athlete. He got his athletic start at Culver, where he played on the football and baseball teams and was a member of the famous Culver Black Horse Troop of Cavalry. In September, 1915, he started at Princeton and immediately landed on the Freshman team. He later made the 'varsity and was elected captain for the season of 1917-18. That year, however, there was no inter-collegiate football for the Tigers because of the war. Winn is now president of the Senior Class, president of Tiger Inn, one of the social clubs, and a member of the undergraduate council. He was among the quota of Princeton boys sent to training camp and picked the artillery school at Camp Meade. When all of the artillery schools were consolidated he attended Camp Zachary Taylor, receiving his commission August 31st, 1918. He was one of the five honor men in the battery and reported for duty at Camp Jackson. In October, 1918, he was promoted to a first lieutenancy. In December he was discharged and returned to Princeton where he will graduate in June.

"Winn is straight as an arrow, of splendid physique and in every way a fine specimen of Kentucky manhood."

A produce company at Harrodsburg, Ky., put in a mammoth incubator this season to test the demand for baby chicks in that territory. Although the first hatch is just now off, the demand for day-old-chicks has been greater than the supply. The manager of the company writes:

"It looks as if next year we will either have to give up this work or put in a larger machine."

It would appear from the above that the baby-chick business had great possibilities in Kentucky.

THE Buick Valve-in-Head motor is designed to get the most out of every gallon of gasoline—and does it.

In this motor the cylinders have no "alcoves" or side-pockets. The full force of the explosion is received by the pistonhead,—where it means power,—increased vigor, lessened wastage—conserved energy.

And these cylinders, lacking side-pockets, are quickly and thoroughly cleared of dead gas after each piston stroke—insuring a capacity intake of fresh gas for each explosion.

It was not known to even his relatives that the late S. S. The commission was signed by Lazarus W. Powell, Governor, and attested by D. Merriweather, secretary of State and dated March 13th 1852. It is in splendid condition and does not look to be over a few weeks old.

COST OF CONCRETE ROAD

Fayette county and the state of Kentucky have entered into a contract with the Cahill Contracting company of Louisville to construct then miles of concrete road at the price of \$285,881.66 or \$28,588.16 per mile. To show how impossible it is for Montgomery county to have anything but macadam roads at the above figures, the entire road fund of the county, for a year, including state aid, would only build about three-fourths of a mile.

SALVATION ARMY DRIVE

District Organizer Here and Makes Arrangements For Management of Drive

James S. Golden, the district organizer for the Salvation Army Drive which begins June 23 and closes June 30, was in town Wednesday and Thursday of this week, perfecting a County organization in Montgomery county.

We feel that there was no welfare organization which did more for the fighting men of America than did the Salvation Army. The Salvation Army carried doughnuts and hot coffee to the boys in the front line day in and day out, al through the war and you only have to ask any returned soldier to receive a lavish recommendation of the service which the Salvation Army rendered the soldiers.

The funds which are to be raised will go into a Home Service Fund and will be used to help take care of the returned soldier and also to re-establish the Salvation Army in the United States. Practically the entire force of the Salvation Army went over seas with the boys and it will take some financial help to set them up again in this country.

Montgomery county's quota is \$2,500.00 and she has never failed to raise her part in all the drives.

The county organization is as follows: Mr. Stewart Sharp, County Chairman; H. G. Hoffman, vice-Chm.; Robert Howell, secretary, and John Frazer, Treasurer.

Throughout the United States the Elks Lodge has been very helpful in this movement, in many counties the Elks are taking active charge of the Campaign. Judge E. W. Senff has very kindly accepted the chairmanship of a Committee of Elks in this county which will endorse and back the drive.

Mr. Ben Scott is the County Chairman for returned soldiers, and he is calling for the assistance of every returned soldier in order that the soldiers may in a measure repay the Salvation Army for its many kindnesses to them while at war.

Farm boys have decided to be city boys, and join the ranks of the unemployed.

If they obtain employment, the expense of living in the city will leave them in the same position financially at the end of each month as if they had gone back to the farm. Wages may be higher in New York—at all events if you are a member of a union, which most farm boys are not—but that fact is discounted by the increased cost of living in the city.

According to a report issued by the state of Nebraska, 136,000 men will be needed by that state alone to help in harvesting the wheat crop. The work of demobilization is very far advanced. A large proportion of the farm boys should be back on the farms. They are not. In the state of New York 19,000 men left farms to join the colors, and 3,000 of them have gone back.

Many more have been freed from the army, but they have stayed in New York city. And that city reports graver conditions due to unemployment than any other city in the union. Conditions in Cleveland are bad enough, but they are worse than in the city. Also, he is the one

A WORTHY EXAMPLE

Henry Botts, a well-known colored business man, of Mt. Sterling, now engaged in the undertaking business, has made the first one hundred dollar donation toward the erection of the Montgomery County Training School for Colored Children. This amount was given in cash.

He should be highly commended for this liberal donation. Yet those who know him know it to be one of his chief characteristics to render whatever assistance he can to any worthy cause and most especially for the betterment of educational ad-

vantages of his race.

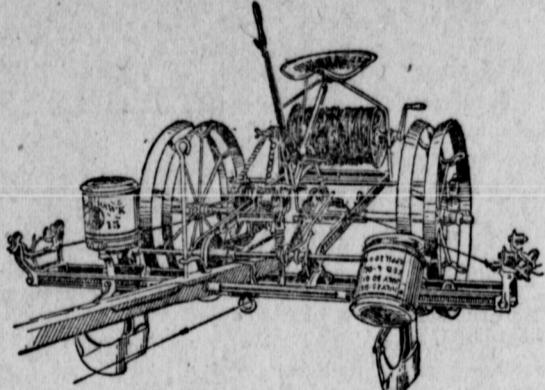

When informed of the movement to erect a training school and prolong the school term, he said at once: "It is a splendid idea and you may count on me to do all I can to push it to a successful conclusion, yet I have not a child to send to school."

This is the spirit that should characterize every colored man in the county and especially the successful business man. Who will be the next to follow this worthy example? "True worth lies in doing, not saying." Let all catch this spirit.
